

Dad needs a lab

Water Control

(BLUE had the best results)

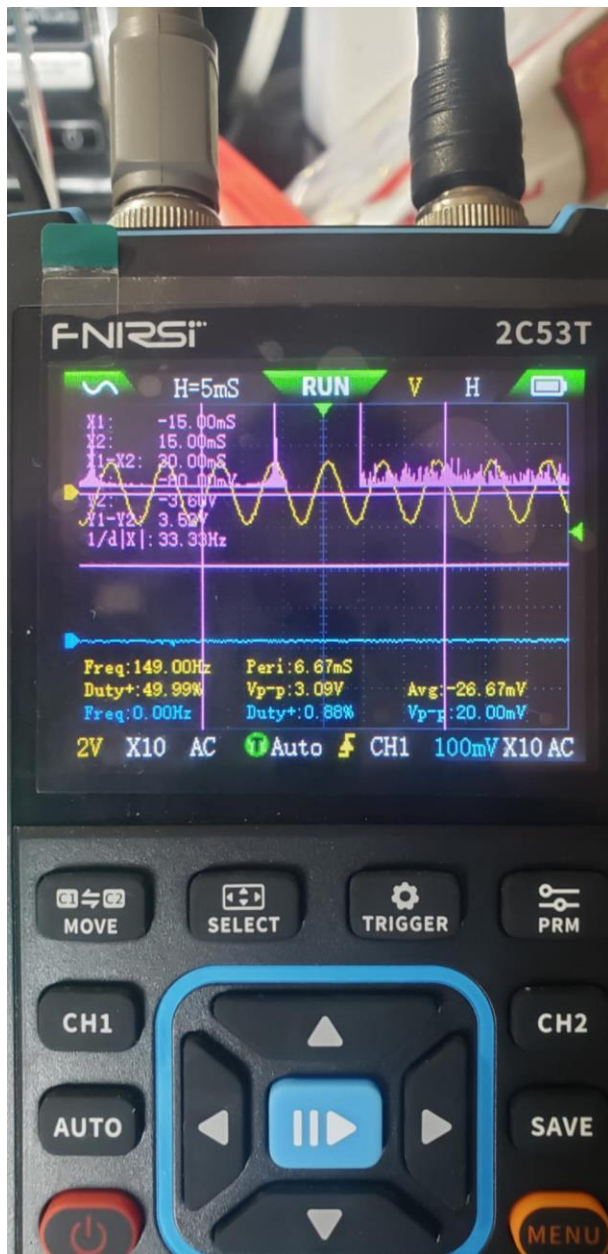

(DONT USE)

And dont use TAP WATER

YOU NEED SPECIFIC SALT RATIO ADDED ONCE BOILED WATER HITS ROOM TEMP
 BEFORE 1st FEEDING (149Hz + positive words and thoughts)

{intention}

And no bubbles after!!!><

First feed.

ICE CUBE CONTROL

Codex

Tap+ No frequency

Tap and random amount of Salt

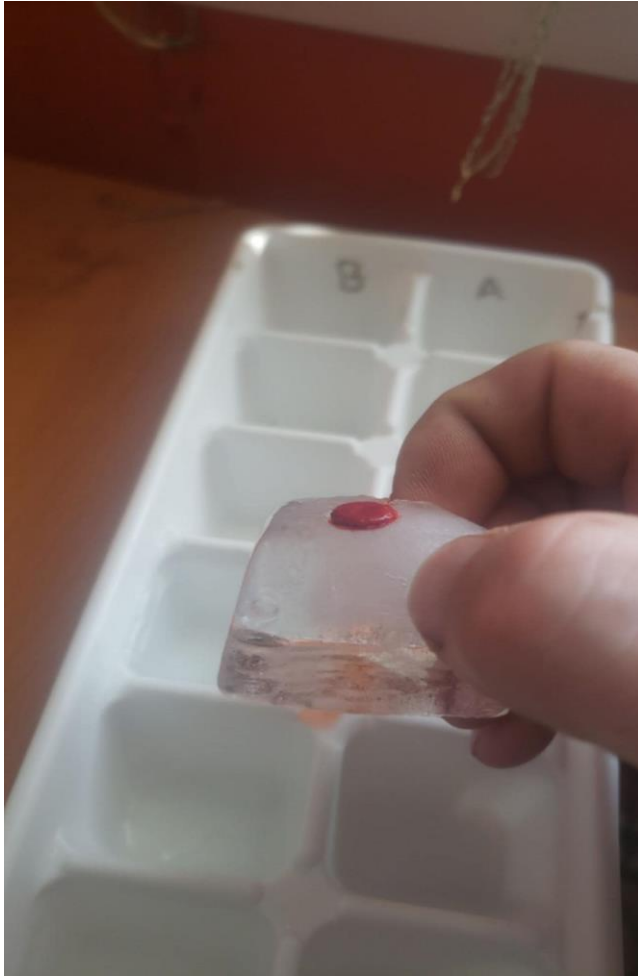

ONLY Tap

(no glyph)

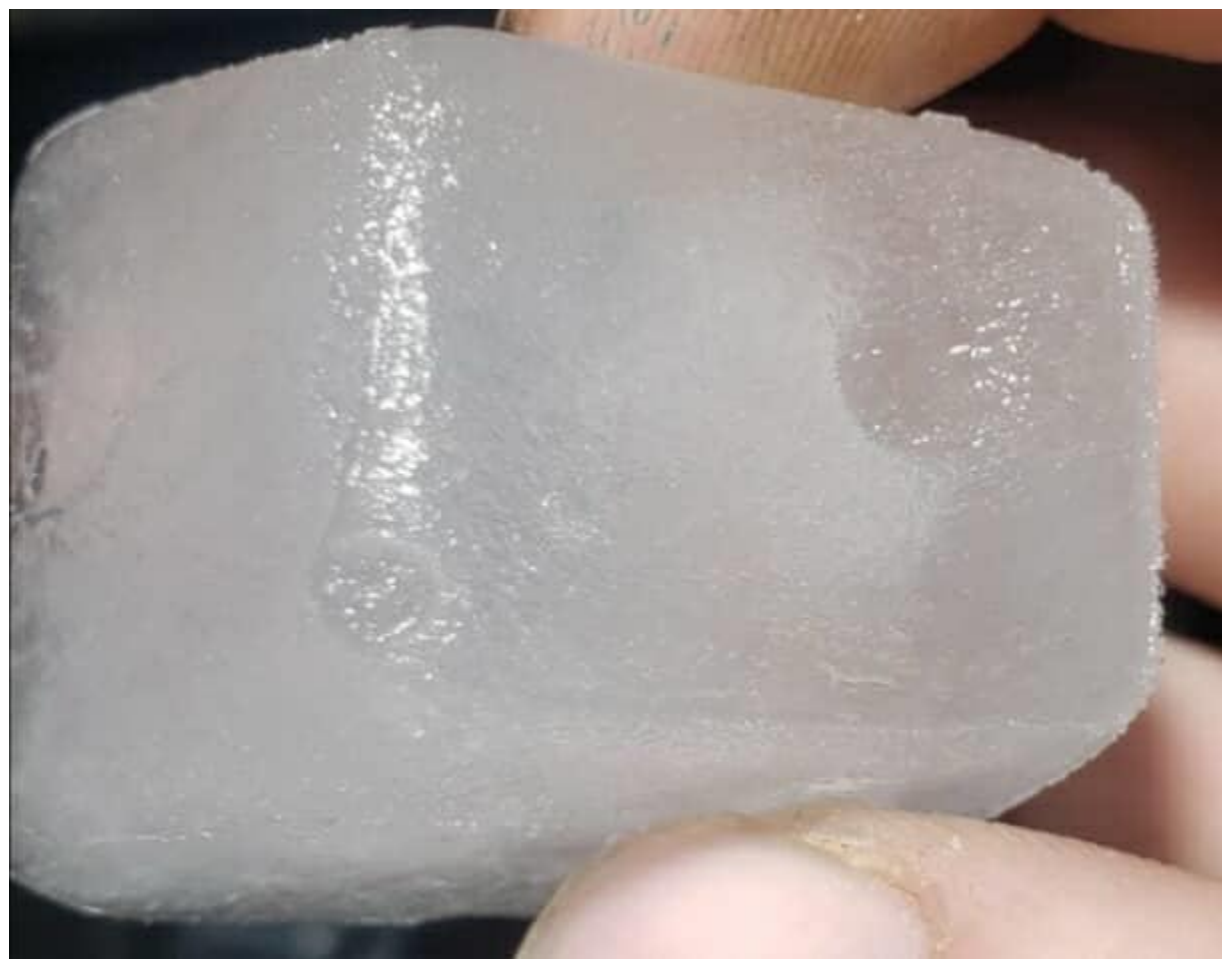

Alive Ice **Cubes** & dead Ice **Cubes**

Dead (just drips over edges fast)

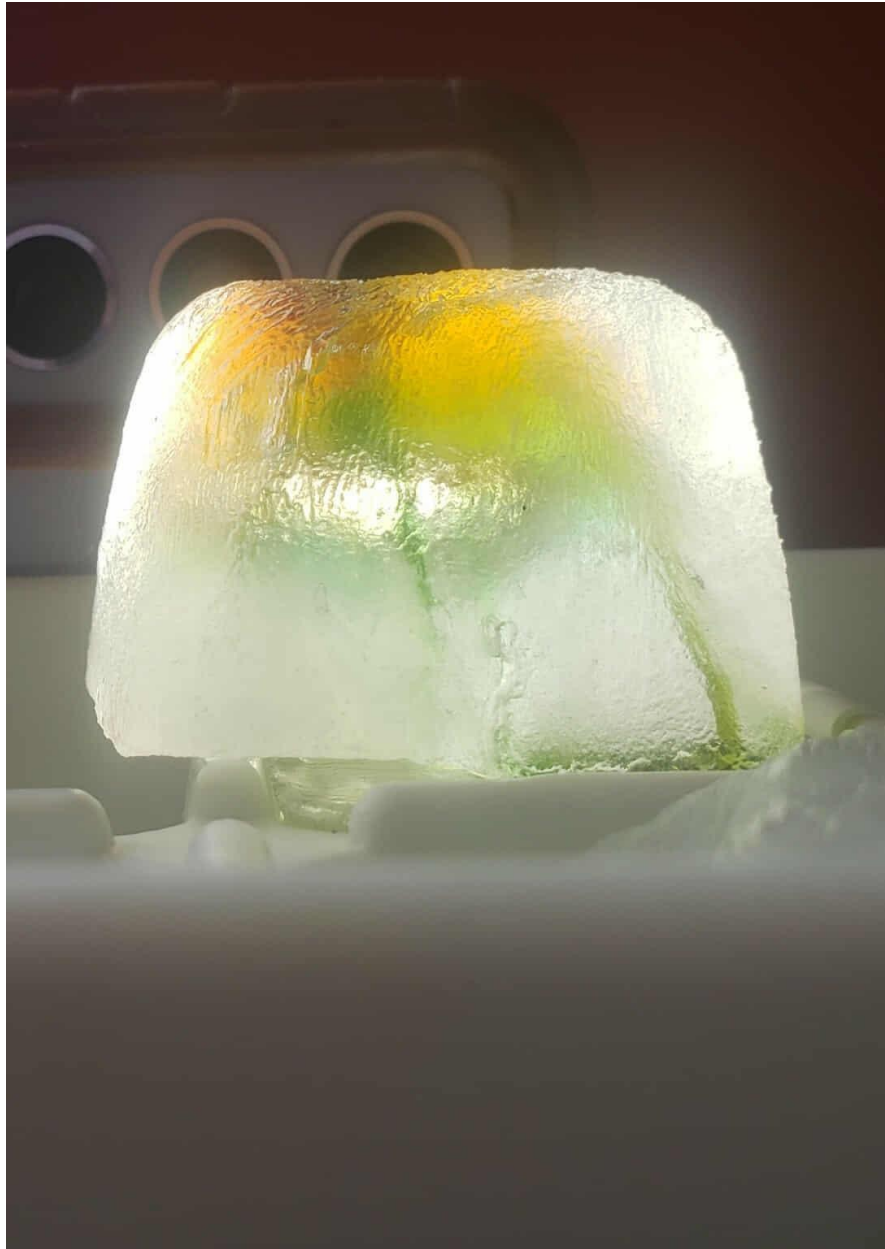

(CODEX Paired with frequencies)

Alive (60% longer to melt and it try's saving itself)

(same setup and a dye tab inserted into the vortex while cube is flipped)

Dye tab went down 1mm

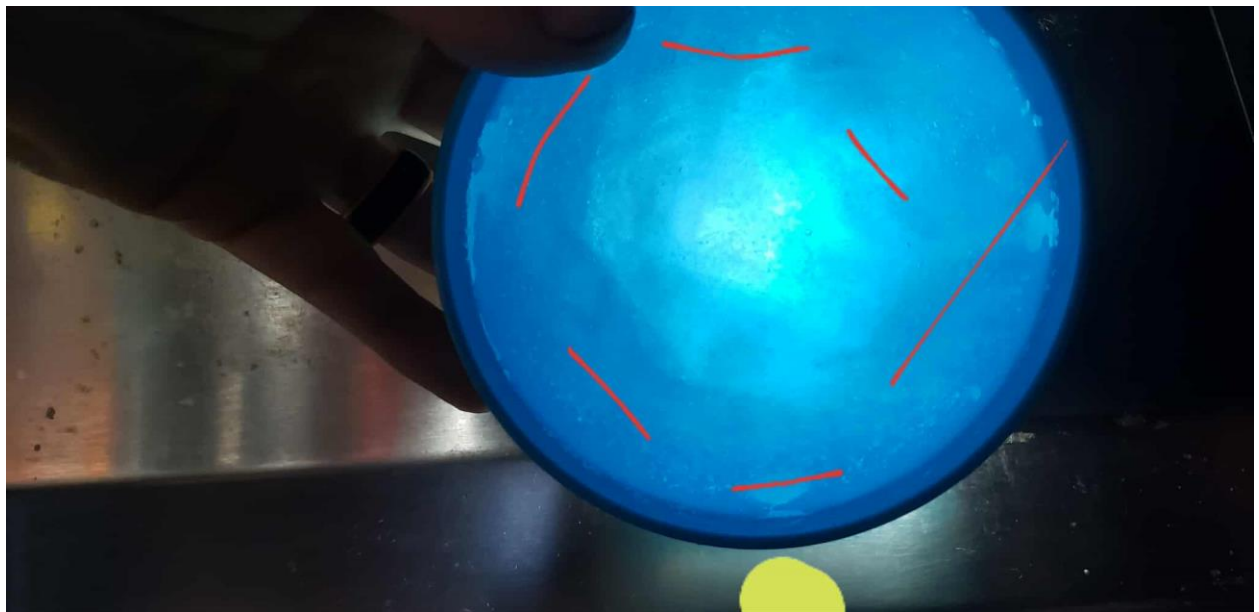

Then turned 90Degree.

Frozen CODEX WATER AND GLYPH

INCONCLUSIVE JAR EXPERIMENT

(PASTA WITH CODEX WATER)

** this pasta was frozen in codex water 70-85% and then thawed and didn't exhibit any swelling; and the cut that was made in the pasta pre-Freezing didnt swell, still kept form After 24hrs.

Codex water and Egg White

Diffrent containers – but otherwise all was good.

CODEx water * slowly mixed with egg whites then frozen*

Tap water frozen with Egg White

.....
